

You're invited: Otis Back-to-Business Webinar

Reopening your building safely: Resources and insights from Otis

Date: July 7, 2020

Time: 2pm – 3pm ET

Join us for an **informative webinar** where we'll cover the key ways the world is navigating this transition, and share the insights we've gained as a company supporting various vertical markets in their reopening.

As countries around the world move through the various stages of reopening amid our new normal, there's an important opportunity to learn from each other.

Topics will include:

- How we must advance technologies in this environment
- The role of passenger communications
- Tools we can use to promote social distancing
- The importance of remote monitoring and intervention systems
- Available purifying products and touchless solutions
